

## Scheda Dati

030RICGRF1

Painike suojuksella, punainen, N.O.+N.C., kumikorkki

## Caratteristiche

|                  |                                                      |
|------------------|------------------------------------------------------|
| Range            | Normaalit painikkeet Ø 30                            |
| Componente       | Painikkeet suojuksella ja huppu                      |
| Code             | 030RICGRF1                                           |
| Kuvaus           | Painike suojuksella, punainen, N.O.+N.C., kumikorkki |
| Väriä            | Rosso                                                |
| Peso             | 86,0                                                 |
| Tariffa doganale | 85365080                                             |
| GT               | 8052878069315                                        |

## Dati tecnici

|                                   |                                                  |
|-----------------------------------|--------------------------------------------------|
| Approvals                         | CE                                               |
| Compliance with standards         | IEC-EN60947-1, IEC-EN60947-5-1, UL508, CSA C22-2 |
| Operating temperatures            | -25° ÷ +65°C                                     |
| Protection degree                 | IP66 - IP69 (IEC-EN60529)                        |
| Mechanical durability             | 3.000.000 Operations                             |
| Housing material                  | PA Polyamide                                     |
| Fixing diameter                   | 30.5mm - Thickness 1÷6mm                         |
| Actuation type                    | Spring return                                    |
| Protection against electric shock | Class II (IEC-EN61140)                           |
| Contact block characteristics     | See technical features of 030F1 or 030FA+030FCR  |
| Contact block                     | Included                                         |
| Cap material                      | Anodized aluminium ring and silicon rubber cap   |
| Tightening torque                 | 1 ÷ 2Nm (8.85 ÷ 17.70 Lb-in)                     |
| Cap Colour                        | Transparent                                      |
| Warranty period                   | 18 months                                        |

Technical drawing of the ELFIN 030F-IP sensor. The drawing shows a side view and a top view. The side view indicates a diameter of Ø40 and a length of 17.5. The top view shows a square footprint with dimensions 12 and 35, and a total width of 43. The top view also includes a 1:6 scale bar and a warning label: 'WIRTSCHAFTS UNIVERSITÄT WIEN'.
